About Beachcomber

Beachcomber Resorts & Hotels is the pioneer and leader of the Mauritian tourism industry. Since the creation of Park Hotel in 1952, a collection of 11 resorts have emerged over the years, including the mythical RoyalPalm Mauritius in 1985, considered by everyone as the reference in hospitality for luxury holidays in Mauritius.

Beachcomber has exported the tradition of Mauritian hospitality beyond the shores of the island, with the launching of Sainte Anne Resort & Spa in Seychelles, in 2002, and that of the Royal Palm Marrakech in 2013 in Morocco.

The Group is presently expanding its collection, with the integration of the Beachcomber French Riviera Resort & Spa, situated on the Côte d'Azur, in France.

The collection of 11 resorts affords a choice of accommodation options ranging from rooms and apartments to suites and villas. Each hotel is imbued with a particular history and cachet, embodying an image of discrete luxury.

- Projet Employabilité Jeunes (PEJ): professional insertion of school drop-outs through a training programme and industrial attachments.
- Collaboration with NGOs, schools and associations
- Regional projects – youth mentoring: the “Amour et Espoir” NGO; IT initiation; youth monitoring via the “Duke of Edinburgh International Award” programme, participation of regional sports clubs in the organisation of the Beachcomber UTRB Trail 2015

Social responsibility – Local Hands

Programme launched in 2006 to support small local artisans by providing them with training and guidance as they embark upon the process of creation, production, marketing and sales.

Sustainable development – our environmental actions – EarthCheck label

Sustainable development and environmental protection constitute real considerations within the Group, which has set up, amongst other initiatives, practices that ensure energy savings and favour renewable energy sources. These initiatives in favour of sustainable development have been recognised and rewarded, with two of our hotels recently obtaining the EarthCheck Benchmarked Bronze accreditation for their ongoing commitment to environmentally responsible practices.
