

VICTORIA FOR 2: TWO IS COMPANY

Who has never dreamed of a room overlooking the ocean? Of a private patio leading directly to a freshwater pool the size of a lagoon?

Who has never dreamed of getting out of bed and letting themselves slide gently into silky smooth water? Of cooling off in the midday sun on a deckchair on the edge of a crystal clear stretch of water hugging the winding curve of the shore?

Who has never dreamed of a swim-up bar with the promise of a refreshing cocktail? Of sitting in the water drinking to the happy times shared with friends or that special person, sheltered from the noise and clamour of children, in total peace and quietness?

For the first time in Mauritius, these magical yearnings have become tangible reality. The daydream has come true. And Beachcomber is the proud instigator.

For the Victoria Beachcomber Resort & Spa has initiated this wonderfully new human and architectural adventure, by designing the Victoria for 2: a part of the Resort set aside exclusively for adults, away from the crowd and right in the heart of the natural landscape. Enjoy a unique experience in one of the 40 rooms facing the ocean and the marine park, including 17 Swim-up rooms, right on the water's edge, leading directly into the huge (800 square metres) swimming pool. And the dream continues: the 'Nautil Café' and the gourmet 'Moris Beef' restaurant (named for the vintage car parked outside the entrance), together with the private beach, are all reserved for the special guests of the "Victoria for 2".

Inside the room and outside, the generous amount of space is over present. The bright spacious rooms are enhanced with splashes of emerald green and opal blue, and adorned with natural materials: wood, white linens and cottons, wicker furniture and lamps. A harmonious décor made for sharing and relaxing. One thing is sure: that magical dream is not about to stop!

About Beachcomber

Beachcomber Resorts & Hotels is the pioneer and leader of the Mauritian tourism industry. Since the creation of Park Hotel in 1952, a collection of 9 resorts have emerged over the years, including the mythical Royal Palm Beachcomber Luxury Mauritius in 1985, considered by everyone as the reference in hospitality for luxury holidays in Mauritius.

The Group recently expanded its collection, with the integration of the Beachcomber French Riviera, situated on the Côte d'Azur, in France.

The collection of 9 resorts affords a choice of accommodation options ranging from rooms and apartments to suites and villas. Each hotel is imbued with a particular history and cachet, embodying an image of discrete luxury.

Social responsibility – Fondation Espoir Développement (FED), by Beachcomber

Set up and financed by Beachcomber since 1999, with the participation of hotels and employees, this foundation takes care of these main projects:

- Projet Employabilité Jeunes (PEJ): professional insertion of school drop-outs through a training programme and industrial attachments.
- Collaboration with NGOs, schools and associations
- Regional projects – youth mentoring: the “Amour et Espoir” NGO; IT initiation; youth mentoring via the “Duke of Edinburgh International Award” programme, participation of regional sports clubs in the organisation of the Beachcomber UTRB Trail 2015

Social responsibility – Local Hands

Programme launched in 2006 to support small local artisans by providing them with training and guidance as they embark upon the process of creation, production, marketing and sales.

Sustainable development – our environmental actions – EarthCheck label

Sustainable development and environmental protection constitute real considerations within the Group, which has set up, amongst other initiatives, practices that ensure energy savings and favour renewable energy sources. These initiatives in favour of sustainable development have been recognised and rewarded, with two of our hotels recently obtaining the EarthCheck Benchmarked Bronze accreditation for their ongoing commitment to environmentally responsible practices.
