
Refreshed beauty and wellness experience at Royal Palm

The Beachcomber Spa at Royal Palm Beachcomber Luxury has recently reopened after undergoing a facelift to provide discerning guests with ultra-personalised service.

The most prestigious address of the Indian Ocean has invested € 1 million in the renovation of its exclusive beauty and wellness centre. From the reception to the 18 treatment rooms, the design and decoration have been completely restyled by JFA Architects to spoil guests with a feeling of total plenitude and inner peace.

Royal Palm's new spa uses a unique blend of colours, materials and shapes to create a bright, refined ambiance, with home-away-from-home comfort. The whole place is dressed up with timeless elegance through the combination of grey, white and brown tones with the sumptuous feel of curtains and wall coverings designed by the renowned brand from Paris, Casamance, making each treatment room unique. The pleasant atmosphere is enhanced by understated, chic furniture with contemporary touches, as well as large openings to take full advantage of natural light.

The treatment menu of this place of peaceful rejuvenation – where the beauty of the setting converges with a bounty of blissful services enhanced by expert therapists – will be enriched from early October through a privileged partnership with the French house of cosmetology, CODAGE. Custom facial and body treatments will be added to the existing arts of wellness and beauty.

This exceptional setting has been revived while staying true to the DNA of a beachfront hotel, providing moments of tailored well-being and pure relaxation for an ultimate letting-go experience.

About Beachcomber

Beachcomber Resorts & Hotels is the pioneer and leader of the Mauritian tourism industry. Since the creation of Park Hotel in 1952, a collection of 9 resorts have emerged over the years, including the mythical Royal Palm Beachcomber Luxury Mauritius in 1985, considered by everyone as the reference in hospitality for luxury holidays in Mauritius.

The Group recently expanded its collection, with the integration of the Beachcomber French Riviera, situated on the Côte d'Azur, in France.

The collection of 9 resorts affords a choice of accommodation options ranging from rooms and apartments to suites and villas. Each hotel is imbued with a particular history and cachet, embodying an image of discrete luxury.

Sustainable development – our environmental actions – EarthCheck label

Sustainable development and environmental protection constitute real considerations within the Group, which has set up, amongst other initiatives, practices that ensure energy savings and favour renewable energy sources. These initiatives in favour of sustainable development have been recognised and rewarded, with all of our hotels recently obtaining the EarthCheck Benchmarked Silver accreditation for their ongoing commitment to environmentally responsible practices
