25 years already!

Overlooked by the majestic Le Morne Brabant, a UNESCO World Heritage Site, and set against one of Mauritius's most beautiful lagoons, Dinarobin Beachcomber has been writing its story for the past 25 years.

Its exotic gardens, deep-blue pools, long stretch of fine sand and discreet, attentive service make it an address that lingers long in the memory. More than a hotel, it is a destination in its own right. A place that invites guests to dream, recharge and savour every moment as they create unforgettable memories.

Its 25th anniversary reflects that very promise. Both a look back and a step towards the future, it is marked by thoughtful touches, shared pleasures and celebrations throughout the year. It captures the true spirit of Dinarobin Beachcomber : elegant, memorable and warmly welcoming.

Dinarobin Beachcomber, the embodiment of tropical elegance

A picture-postcard setting, refined style and impeccable service: these are the hallmarks of this elegant Beachcomber address on Mauritius's south-west coast.

A tropical haven that awakens the senses

Spectacular. It is the word most often heard from guests at Dinarobin Beachcomber. And with good reason: from its long beach edging crystal-clear waters and 20 hectares of lush tropical greenery to its golf course between lagoon and mountain and, of course, the striking silhouette of Le Morne in the background, the setting has been captivating visitors for 25 years.

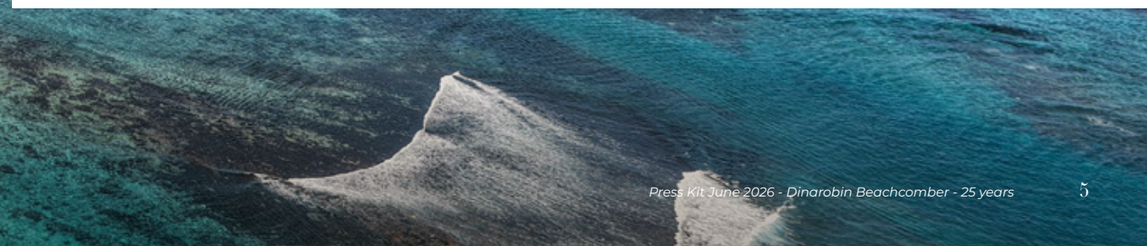
It is in this magical setting that the finest holiday memories are made. Flower-filled gardens of frangipani, coconut palms, allamanda and bougainvillaea frame moments of togetherness and shared daydreams. Within the intimate crescent-shaped accommodation areas, pools giving onto the horizon invite guests to lose track of time, perhaps with a freshly cut coconut in hand on a sun-soaked afternoon. By evening, the relaxed, softly lit atmosphere of the bar under the stars is simply spellbinding.

The art of hospitality as a philosophy

At Dinarobin Beachcomber, everything invites guests to explore and experience more: the golf practice area with its panoramic view of Le Morne, the Beachcomber Spa nestled within a refined tropical setting, and the eight restaurants on the peninsula, shared with Paradis Beachcomber Golf Resort & Spa.

Like a timeless escape, this is a place where guests' wellbeing comes first. Everything is carefully designed to nurture that feeling. The discreet attentiveness of the hotel's Artisans, their eye for detail and their pleasure in welcoming others have, for 25 years, defined Dinarobin Beachcomber's distinctive style of hospitality. It is expertise that has become a true signature.

Dinarobin. A name that carries a promise — for those in love, and those who love life. For those who weave pleasure with well-being, renewal with discovery. For a stay that leaves you transformed.



Dinarobin Beachcomber celebrates its 25th anniversary

To mark its 25th anniversary, Dinarobin Beachcomber is embracing the occasion in style. From social media to the heart of the hotel, events, thoughtful touches and subtle nods to the milestone invite everyone to share in the spirit of this special year alongside the hotel and its Artisans.

A festive anniversary dinner

Because an anniversary deserves a meaningful date in the calendar, Dinarobin Beachcomber has set 21 December as the official date of its 25th anniversary. It is a fitting choice, bringing together the magic of a milestone birthday with the sparkle that accompanies the start of the festive season.

In Mauritius, the end of the year is associated with the fiery beauty of flowering flamboyant trees, seaside holidays and a lightness of spirit.

That is exactly the mood that will shape the special dinner on 21 December at L'Harmonie restaurant, where hotel guests and a range of invited attendees will come together to celebrate this important occasion. A surprise menu is being created especially for the evening, showcasing the creativity of the peninsula's chefs.

The theme will be One Thousand and One Nights — a nod to the hotel's name, Dinarobin, inspired by the island's earliest known name, Dina Arobi. Given by Arab navigators in the 15th century when they landed on this then-unknown shore, it evokes prosperity and abundance. The promise is of an evening that will be both magical and memorable.

Dinarobin Beachcomber named among TripAdvisor's Best of the Best 2026!

Each year, TripAdvisor's Travellers' Choice Awards recognise hotels around the world for their exceptional quality and service. In 2026, Dinarobin Beachcomber had the distinction of being the only hotel in Mauritius to be included among the world's finest in the Best of the Best 2026 ranking, where it placed 19th. A proud achievement — and a wonderful birthday gift as the hotel celebrates its 25th anniversary.

Travelers' Choice 2026 Best of the Best

At the heart of the guest experience

What makes this anniversary truly meaningful? For Dinarobin Beachcomber and its Artisans, it lies above all in sharing it with those who have brought the destination to life since the beginning — and who continue to write its story today with every new stay. With that in mind, a range of thoughtful touches has been designed to give this anniversary year an extra-special dimension.

Two signature cocktails to discover

From 29 June, guests will be welcomed on arrival with a new signature cocktail: Silver Horizon. Conceived as a tribute to the hotel's ocean outlook, this alcohol-free blend of lemongrass and ginger infusion, pineapple juice, honey and lemon juice has been specially created to embody 25 years of emotion. Bright and refreshing, with citrus notes softened by the generosity of the honey, it sets the tone for a stay at Dinarobin Beachcomber.

This special creation is joined by another: Imperial Jubilee, available exclusively at the hotel's Mahogany Bar, offering guests a different expression of Mauritian flavour. Combining lychee juice, rose syrup and champagne, it marks Dinarobin Beachcomber's anniversary with elegance and invites each guest to create a moment of magic of their own — one to treasure in both heart and memory.

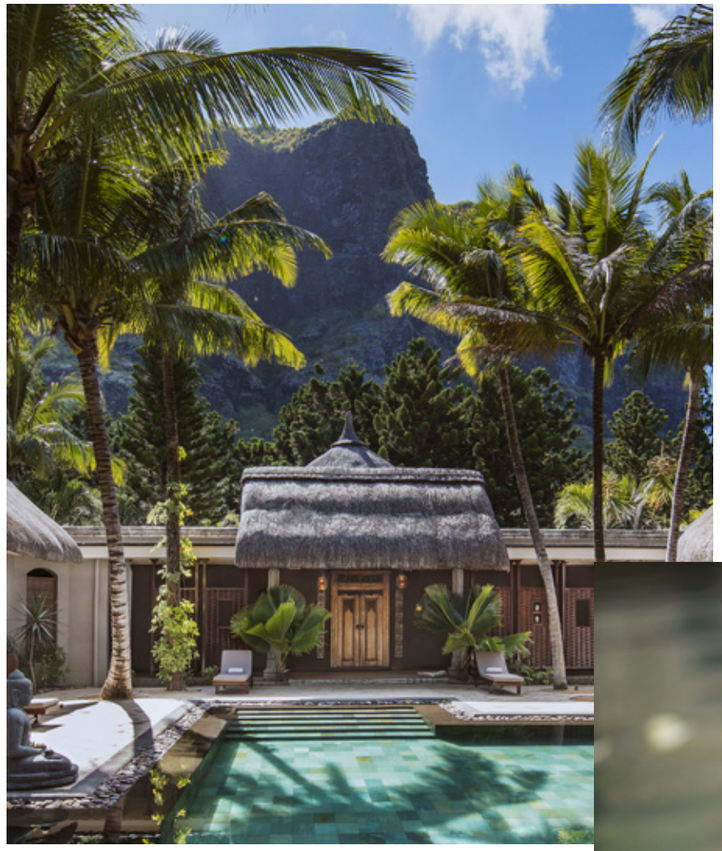
A deliciously indulgent touch...

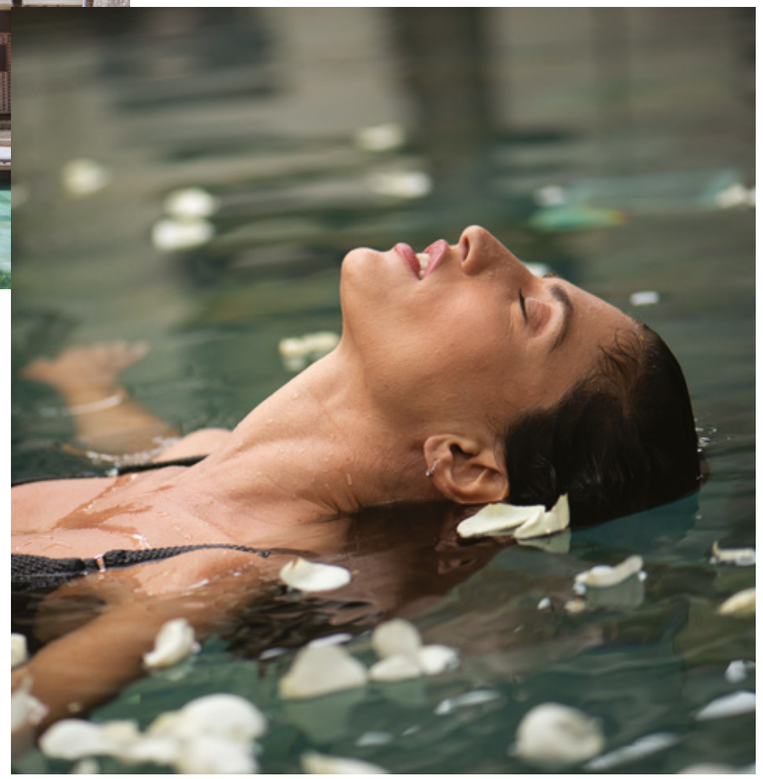
Who says indulgence is a guilty pleasure? Certainly not the chefs at Dinarobin Beachcomber. This anniversary is the perfect opportunity to imagine new flavours for guests to enjoy — and that is exactly what the hotel's Artisans have done.

The result is best savoured — and even better shared. Two crisp profiteroles filled with pink praline ice cream and served with white chocolate sauce. In garnet and white, a gentle nod to the hotel's colours, this dessert is conceived as a sweet tribute to everything that defines this iconic address.

It will be served daily at lunchtime at Morne Plage restaurant, and twice a week in the evening as part of the buffet at L'Harmonie.

An indulgence well worth savouring!





Beachcomber Spa: a special concept for the hotel's 25th anniversary

At the heart of the hotel's Beachcomber Spa, a bespoke wellbeing offering has been created around the anniversary, designed to enhance guests' sense of balance, calm and renewal.

Showcasing the spa's signature treatments, the special "25 Years of Care" menu highlights breath, presence and reconnection through the expert touch of its therapists. The menu brings together a series of immersive experiences that transform time itself into an element of care, offering a more emotional interpretation of the treatment collection.

Among the rituals on offer are "25 Breaths", designed as a mental reset; the signature "Moment 25", the heart of the collection, combining exfoliation, an enveloping massage and a facial; and the immersive "Eternity 25" experience, a deeply restorative pause featuring guided breathing, massage and fragrant mist boots.

The complete wellness journey is also available for guests seeking a stay dedicated to relaxation, with conscious breathing, sunset yoga and expert treatments delivered by the spa's therapists.

Meet Patricia Parsooramen-Auffray, Hotel Manager

For 25 years, Patricia has helped write the story of Dinarobin Beachcomber alongside dozens of fellow Artisans.

She began as a receptionist at Paradis Beachcomber, and although she had not initially planned a career in hospitality, over the years she discovered a true vocation for the industry. In 2001, she joined the opening of Dinarobin Beachcomber as Front Office Manager. Step by step, she rose through the ranks — becoming Rooms Division Manager, then Executive Assistant Manager — before being appointed Hotel Manager in 2022.

"The guidance I received, the training that helped me refine my skills, and the supportive encouragement of the mentors I have had over the years were key in helping me build confidence, develop my abilities and seize the opportunities that came my way," Patricia shares.

In her view, hospitality careers call for determination, consistency and rigorous discipline, but they are just as rewarding as they are inspiring. "At Beachcomber, we have a promise: 'Feel the happiness you give'," she explains. "It is something I feel deeply in my day-to-day work: it is always a joy to welcome our guests to the magnificent setting of Dinarobin and to give them an exceptional experience throughout their stay."

This year, Patricia celebrates 31 years with the Group. Her career is one of many examples of loyalty and professional growth that have helped shape the identity of Dinarobin Beachcomber since it opened.

Beachcomber Artisans at the heart of the celebrations

While this anniversary belongs to the hotel, it is also a landmark moment for the Beachcomber Artisans who shape the story of Dinarobin Beachcomber day after day — some of them since the hotel opened in 2001. That is why the Group has placed particular emphasis on internal celebrations, with a clear intention to honour Dinarobin Beachcomber's human legacy, recognise the loyalty of its Artisans and shine a light on the women and men who have shaped the hotel over the past 25 years.

25 years of excellence and human stories

Throughout its history, Dinarobin Beachcomber has remained true to the Group's philosophy: to bring passion to every gesture in honour of the beauty of its surroundings. Embodied for 25 years by the hotel's Artisans, that spirit is now being celebrated through a series of initiatives dedicated to them.

The recognition ceremony

In this anniversary year, an awards ceremony will celebrate Beachcomber talents for their commitment, creativity and pursuit of excellence in helping the hotel shine and leave a lasting impression on its guests.

Award categories include "Master of Craft – 25 Years Excellence", "Rising Talent" and "Cultural Heritage Keeper", recognising every form of contribution — whether from those who have been part of the hotel's journey since the beginning or those who have only recently joined the Dinarobin Beachcomber adventure.

The "25 Years of Human Stories" film

Blending archive photographs, personal testimonies and perspectives from long-standing and newly arrived Artisans alike, this moving film retraces the hotel's journey and brings into view the people whose talent has shaped daily life at Dinarobin Beachcomber, giving the hotel the reputation for excellence it enjoys today.

As vital links in an essential human chain, each Artisan has played a full part in writing the hotel's story — from tending the gardens and welcoming visitors to running the Kids Club, caring for shared spaces and delivering room service. The film is a way of recognising that work while bringing teams together around a shared value: acting as one in pursuit of a common goal.

Transmission at the heart of the Dinarobin legacy

"Pass the skill" is an original idea born from a simple observation: to share is to open oneself to others. In that spirit, Dinarobin Beachcomber's anniversary provides a wonderful opportunity for Artisans to pass on their expertise, introduce colleagues to one another's roles and strengthen team spirit.

Each week, one Artisan is invited to introduce a colleague to their role, taking them behind the scenes of daily life, explaining the demands and the finer points of the job, and passing on their know-how. The project will be documented on film in order to inspire similar initiatives across other Beachcomber hotels and, above all, to strengthen the transmission of a hospitality heritage that has carried the Group since 1952.

Moments of togetherness

"Feel the happiness you give" is Beachcomber's internal philosophy — one shaped day after day by its Artisans through the Group's values, the causes it supports and its vision of hospitality.

That same spirit runs through Dinarobin Beachcomber's 25th anniversary, with a colourful programme of events designed especially for the hotel's Artisans.

Alongside a convivial lunch for all employees at L'Harmonie restaurant, a special gala dinner will bring together all Artisans celebrating more than 25 years of service within the Group for a shared moment of recognition. It is an opportunity to honour both their loyalty and their exceptional contribution to making Beachcomber the brand it is today.

These two highlights will be complemented by internal activities — including games and raffles — to strengthen bonds and foster a spirit of conviviality around the celebrations. Finally, specially designed anniversary gifts will be presented to everyone.
