A collection designed to help guests reconnect with themselves

35 years: a milestone worth celebrating!

Since 1991, Shandrani Beachcomber has celebrated the beauty of Mauritius. Set in an exceptional location between a protected marine park and lush tropical gardens, in the heart of an unspoilt region, the resort has invited guests year after year to enjoy stays rich in experiences.

True to its cheerful atmosphere and warm sense of hospitality, the hotel will be filled with celebration as from August. Thoughtful touches, special highlights and shared moments will create a warm and convivial moment for guests and Artisans alike as they honour this special anniversary.

Discover the festive programme

Shandrani Beachcomber: a slice of paradise

Set beside the protected lagoon of Blue Bay, Shandrani Beachcomber Resort & Spa is all about sharing, generosity and reconnecting with nature. This four-star destination in the south-east of Mauritius has been a Beachcomber landmark since 1991.

A postcard-perfect Mauritius

Endless coconut palms, turquoise waters as a backdrop, a gentle sea breeze and the sense of stepping into a postcard... Welcome to Shandrani Beachcomber! From the moment guests pass through the hotel's grand entrance, they are immersed in its unmistakably tropical atmosphere.

From its sweeping tropical gardens and three beaches, each with its own charm, to its expansive pools and bungalows dotted along the shoreline, Shandrani Beachcomber has all the makings of a peaceful haven. Here, nature awakens the senses and inspires every kind of activity: paddleboarding, glass-bottom boat trips, snorkelling, cycling, pitch and putt, eco-tourism visits... there is so much to do and discover. The Blue Bay Marine Park, which borders the resort, and Île aux Aigrettes nearby are two protected nature reserves where guests can explore local fauna and flora.

Whether travelling as a couple, with family or with friends, Shandrani Beachcomber invites guests to enjoy precious moments and create lasting memories. With two generous All-Inclusive packages, six restaurants offering flavours from around the world, and crescent-shaped wings of rooms and suites facing the sea, it has all the ingredients for an unforgettable holiday.

A charming new look

After closing for four months in 2025, Shandrani Beachcomber underwent an extensive refresh to the delight of its guests. The aim was to showcase its finest assets and make its accommodation wings and restaurants even more welcoming.

Its main restaurant, Le Grand Port, overlooking one of the hotel's three beaches and one of its two pools, has been renovated to enhance the atmosphere that defines it: an irresistible sense of tropical holiday living. At the same time, a dedicated "Shandrani For 2" crescent was unveiled: an adults-only wing with 69 rooms. This exclusive setting is designed for guests seeking peace and quiet, with its own restaurant and a relaxed beach bar — the perfect place for a stay filled with experiences.

A white party to kick off the celebrations

A white party: a chic and convivial theme, and the perfect way to begin the festivities. It is in this spirit that Shandrani Beachcomber will mark its 35th anniversary.

Guests are invited on 1 August 2026 around the main pool for what promises to be a magical evening. The cocktail event will welcome, among others, former general managers who have shaped the hotel since its early days, as well as former Artisans who were part of the opening in 1991. On the programme: live music, conversations, shared memories... and fireworks to mark this landmark anniversary in style.

Hotel guests are warmly invited to join the celebration and wear their finest white outfits in honour of Shandrani Beachcomber.

Experiences and shared moments

To celebrate its 35th anniversary, Shandrani Beachcomber is not only inviting guests to come together for a festive evening, but also to enjoy new discoveries and experiences. Special workshops will regularly offer guests a fun glimpse behind the scenes of hotel life, while weekly highlights will set the pace throughout this celebratory programme.

Weekly highlights

Each week, Shandrani Beachcomber will create unique opportunities to meet, share good times and immerse guests in the very best of Mauritian culture. Four weekly highlights are planned.

On Tuesdays, Le Grand Port restaurant will host a Mauritian evening, with a live sega performance, a buffet celebrating the many flavours of Mauritius, and décor inspired by the island's colours. It will be a wonderful opportunity to discover the richness of Mauritian culture and its diverse influences, while experiencing the warm art of hospitality for which the island is so well loved.

Every Wednesday, the hotel management will host a cocktail reception to thank the hotel's guests. VIPs, returning guests, members of the press and commercial partners will be invited to enjoy an informal drink with the hotel's management team — a relaxed moment to look back fondly on Shandrani Beachcomber's finest memories, and to look forward with excitement to the next 35 years.

On Saturdays, hotel guests can look forward to a full programme of activities. Those seeking rest and relaxation will enjoy afternoon yoga sessions: 35 minutes of practice, in a nod to the anniversary, held outdoors in changing settings or within the spa. A quiet moment to breathe, unwind and recentre.

In the evening, from 5 p.m. to 6.30 p.m., guests will gather at the Boathouse for a DJ set accompanied by a barbecue. Hot dogs, a laid-back playlist and the glow of sunset will bring the day to a beautiful close... before thoughts turn, already, to the next one.

This programme is designed to encourage encounters, moments of sharing and, true to Beachcomber's philosophy, to celebrate beauty in all its forms.

Guest experience workshops

What better occasion than the hotel's anniversary to discover what happens behind the scenes? To celebrate Shandrani Beachcomber's 35th anniversary, its Artisans will invite hotel guests to step into their world through a series of creative workshops. Napkin folding, cocktail making, culinary creations... each session will offer an immersive experience centred on the craft and expertise that define Beachcomber.

35 years à la carte

At Beachcomber, no anniversary feels truly complete without original culinary creations. In keeping with this tradition, Shandrani Beachcomber will offer guests both a signature cocktail and a signature dish adding flavour to the festivities.

Shandrani Surprise, the signature cocktail

First served when the hotel opened in 1991, the Shandrani Surprise makes its grand return to the menu for the hotel's 35th anniversary.

The Shandrani Surprise is a brightly coloured tropical cocktail. It blends the smoothness of white rum with the fruity freshness of pineapple juice. Blue curaçao brings a subtle citrus note and a vivid azure hue reminiscent of the lagoon, while orgeat syrup adds a delicate almond aroma that rounds off the drink beautifully.

Indulgent, refreshing and exotic all at once, this cocktail instantly evokes the sun-drenched beaches of Shandrani Beachcomber. It will be available across the hotel's bars and restaurants.

Chef Coopen's delicious crab burger

Throughout August, the signature dish of Chef Coopen, Executive Chef at Shandrani Beachcomber, will be served in the hotel's restaurants, except for Le Grand Port.

This signature creation has become part of his culinary reputation: a crab burger celebrating the flavours and influences of Mauritius. Inspired by the treasures of the lagoon, the recipe combines crisp crab with creamy avocado and a pickled papaya condiment that reimagines Mauritian achard (pickle), along with crispy onions.

Enhanced by a shellfish and tamarind sauce that brings depth and balance, this creation reflects Chef Coopen's creativity and his love for his island. A true meeting of sea, land and global influences, this burger has become one of his signature dishes over the years. It is therefore a fitting tribute to the hotel during its anniversary month.

An inspired escape at the Beachcomber spa

The name Shandrani is said to mean “Queen of the Moon”. Drawing on this poetic imagery, the hotel’s Beachcomber spa will celebrate the anniversary with a collection of treatments entitled “Moon & Ocean Wellness Journeys” — a graceful nod to the spirit of the place.

A collection designed to help guests reconnect with themselves

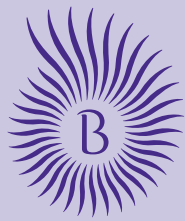

Through a series of treatment-room rituals and outdoor experiences, this limited-edition collection draws on the natural cycles of the Moon, the ocean and Shandrani Beachcomber’s landscapes to offer a holistic approach to wellbeing that encourages guests to reconnect with themselves. This anniversary collection invites each guest to slow down, observe, feel and rediscover their own inner rhythm.

Four treatment-room experiences set the pace for this journey: the Renewal Ritual (New Moon), designed to release tension and calm the mind; the Vitality Ritual (Waxing Moon), dedicated to stimulating energy; the signature Moon & Ocean Harmony treatment (Full Moon), combining Abhyanga and Shirotchampi massages to promote body-mind balance; and Moon Serenity (Moonlight), created to support recovery and sleep.

The collection continues outdoors through immersive ocean-facing experiences: guided meditation at sunrise or sunset, a small-group gratitude ceremony, and breathing sessions inspired by respirology and Makko Ho practices.

The highlight of this anniversary offering, the Moon & Ocean Journey package brings together treatments, meditation, moon-inspired delicacies and a scented keepsake in an experience that celebrates self-connection, inner harmony and the exceptional natural setting of Shandrani Beachcomber.
